

WELCOME TO PRITZL PHYSICAL THERAPY AND SPORTS REHABILITATION

Your doctor has referred you to physical therapy. Physical therapy helps identify and resolve your problem of movement, function and pain.

First Visit: Our physical therapist will examine and interview you to determine the best treatment for your individual need. The physical therapist may use methods such as moist heat, massage, ultrasound, hands-on techniques, exercise programs, postural training, etc. to treat your particular problem.

Progress Reports to your Physician: The physical therapist will be in contact with your physician about your progress and will follow up with written reports.

Financial Policy: As a service to the patient, we will bill your insurance for you. Payment in full is expected upon your first visit for the initial evaluation and treatment. This money will be used as a deposit towards your co-insurance and/or deductible. Once this fee is depleted, you will be billed the amount of your co-insurance at the end of each week.

Cancellation Policy: In order not to be charged for an office visit, we require a six hour notice on cancellations. Our office has an answering device, so you can call anytime.

We look forward to working with you and if you have any questions, please do not hesitate to ask.
